Finite Element Design of Concrete Structures Jun 03 2020 In *Finite Element Design of Concrete Structures*: practical problems and their solutions the author addresses this blind belief in computer results by offering a useful critique that important details are overlooked due to the flood of information from the output of computer calculations. Indeed, errors in the numerical model may lead in extreme cases to structural failures as the collapse of the so-called Sleipner platform has demonstrated.

Multilingual Facilitation Nov 28 2019 This is a Festschrift for Dr. Jack Rueter, compiled on the occasion of his 60th birthday. The book consists of peer-reviewed scientific work by Dr. Rueter's colleagues. Popular Conservatism and the Culture of National Government in Inter-War Britain May 15 2021 This radical new reading of British Conservatives' fortunes between the wars explores how the party adapted to the challenges of mass democracy after 1918. Geraint Thomas offers a fresh perspective on the relationship between local and national Conservatives' political strategies for electoral survival, which ensured that Conservative activists, despite their suspicion of coalitions, emerged as champions of the cross-party National Government from 1931 to 1940. By analysing the role of local campaigning in the age of mass broadcasting, Thomas recasts inter-war Conservatism. Popular Conservatism thus emerges less as the didactic

product of Stanley Baldwin's consensual public image, and more concerned with the everyday material interests of the electorate. Exploring the contributions of key Conservative figures in the National Government, including Neville Chamberlain, Walter Elliot, Oliver Stanley, and Kingsley Wood, this study reveals how their pursuit of the 'politics of recovery' enabled the Conservatives to foster a culture of programmatic, activist government that would become prevalent in Britain after the Second World War. **Unit Maintenance Repair Parts and Special Tools List for Armored Combat Earthmover (ACE), M9, (NSN 2350-00-808-7100).** Jun 27 2022
