A law professor and cultural critic offers an eye-opening exploration of the laws of fashion throughout history, from the middle ages to the present day, examining the canons, mores and customs of clothing rules that we often take for granted From journalist, fashionista, and clothing resale expert Elizabeth L. Cline, "the Michael Pollan of fashion,"* comes the definitive

guide to building an ethical, sustainable wardrobe you'll love. Clothing is one of the most personal expressions of who we are. In her landmark investigation Overdressed: The Shockingly High Cost of Cheap Fashion, Elizabeth L. Cline first revealed fast fashion's hidden toll on the environment, garment workers, and even our own satisfaction with our clothes. The Conscious Closet shows exactly what we can do about it. Whether your goal is to build an effortless capsule wardrobe, keep up with trends without harming the environment, buy better quality, seek out ethical brands, or all of the above, The Conscious Closet is packed with the vital tools you need. Elizabeth delves into fresh research on fashion's impacts and shows how we can leverage our everyday fashion choices to change the world through style. Inspired by her own revelatory journey getting off the fast-fashion treadmill, Elizabeth shares exactly how to build a more ethical wardrobe, starting with a mindful closet clean-

out and donating, swapping, or selling the clothes you don't love to make way for the closet of your dreams. The Conscious Closet is not just a style guide. It is a call to action to transform one of the most polluting industries on earth—fashion—into a force for good. Readers will learn where our clothes are made and how they're made, before connecting to a global and impassioned community of stylish fashion revolutionaries. In *The Conscious Closet*, Elizabeth shows us how we can start to truly love and understand our clothes again—without sacrificing the environment, our morals, or our style in the process. *Michelle Goldberg, *Newsweek/The Daily Beast* Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying...

Eloquent... A heart-rending drama of human yearning." —*New York Times* In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a

blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and

luminosity of Jon Krakauer's storytelling blaze through every page. This volume explores the conservation and presentation of dress in museums and beyond as a complex, collaborative process. Recognizing this process as a dynamic interaction of investigation, interpretation, intervention, re-creation, and display, *Refashioning and Redress: Conserving and Displaying Dress* examines the ways in which these seemingly static exhibitions of "costume" or "fashion" are actively engaged in cultural production. The seventeen case studies included here reflect a broad range of practice and are presented by conservators, curators, makers, and researchers from around the world, exposing changing approaches and actions at different times and in different places. Ranging from the practical to the conceptual, these contributions demonstrate the material, social, and philosophical interactions inherent in the conservation and display of dress and draw upon diverse disciplines ranging from dress history to

social history, material cultural studies to fashion studies, and conservation to museology. Case studies include fashion as spectacle in the museum, dress as political and personal memorialization, and theatrical dress, as well as dress from living indigenous cultures, dress in fragments, and dress online. Hans Eijkelboom: People of the Twentieth Century is an enormous and completely fascinating collection of "anti-sartorial" photographs of street life by the Dutch conceptual artist/street photographer. From Amsterdam to New York and Paris to Shanghai, these photographs, taken over a period of more than twenty years, provide a cumulative portrait of the people of the twentieth century. A magnetic panoply of images, this cult object has a place in the library of every photography book collector as well as anyone interested in contemporary culture. Democratic, apolitical and unique, the archive of thousands of images offers an engrossing and engaging

cross-section of society. Over the course of the last two decades, the Dutch photographer worked methodically on his monumental Photo Notes project: First he would select a busy pedestrian area - his favorite spots were often near shopping centers - where he would stay for 30 minutes up to a few hours. He then spent time observing passers-by before recognizing a common type, normally based on a garment, sometimes a behavior: people in band T-shirts, fur caps or beige trench coats; young couples walking arm in arm; women in suit dresses; men with gelled hair or pushing shopping trolleys. . . He snapped them with a camera hung around his neck, attached to a trigger in his pocket. Back in the studio, the images were laid into grids called Photo Notes. Their simplicity of form and presentation belies their complex anthropological, social and artistic commentary. Illustrated with more than 300 color photographs, including many details and back views, What Clothes Reveal treats not only

elegant, high-style clothing in colonial America but also garments for everyday and work, the clothing of slaves, and maternity and nursing apparel." An illuminating introduction to the expanding influence of fashion from the perspectives of design, technology, sustainability, and business Fashion matters for the economy, to society, and to each of us personally. Faster than anything else, what we wear tells the story of who we are—or who we want to be. It is the most immediate form of self-expression. Yet even as fashion touches the lives of each and every one of us, its influence and the vast creative industry that it supports can seem mysterious to outsiders. In *Why Fashion Matters* Frances Corner, Head of London College of Fashion, guides readers into the dizzying world of this rapidly expanding, increasingly global, always exciting industry. In provocative and intriguing entries, Corner teases out the glorious intricacies and contradictions of an industry that simultaneously values technology and craft;

timeless style and fast fashion; the bespoke and the mass-market; consumption and sustainability; cold, hard numbers; and creative expression. From "Shop 'til We Drop" to "The White Shirt" to "The One Trillion Dollar Business" each entry offers a unique avenue into fashion and its impact, both positive and negative, on lives around the globe. In winning a medal she is no longer there to receive, a tight-lipped little Polish girl teaches her classmates a lesson. Includes a note from the author's daughter, Helena Estes. A practical guide to clothing alterations. Learn how to sew tee shirt fabric with Judith's easy technique. Two estranged sisters

find that forgiveness never goes out of style when they inherit their mother's vintage jackets, purses... and pearls of wisdom Estranged half-sisters Gabrielle Winslow and Lulu Quattro have only two things in common: mounds of debt and coils of unresolved enmity toward Bette Bradford, their controlling and imperious recently deceased mother. Gabrielle, the firstborn, was raised in relative luxury on Manhattan's rarefied Upper East Side. Now, at fifty-five, her life as a Broadway costume designer married to a heralded Broadway producer has exploded in divorce. Lulu, who spent half her childhood under the tutelage of her working-class Brooklyn grandparents, is a grieving widow at forty-eight. With her two sons grown, her life feels reduced to her work at the Ditmas Park bakery owned by her late husband's family. The two sisters arrive for the reading of their mother's will, expecting to divide a sizable inheritance, pay off their debts, and then again turn their backs on each other. But to their

shock, what they have been left is their mother's secret walk-in closet jammed with high-end current and vintage designer clothes and accessories— most from Chanel. Contemplating the scale of their mother's self-indulgence, the sisters can't help but wonder if Lauren Weisberger had it wrong: because it seems, in fact, that the devil wore Chanel. But as they being to explore their mother's collection, meet and fall in love with her group of warm, wonderful friends, and magically find inspiring messages tucked away in her treasures — it seems as though their mother is advising Lulu and Gabrielle from the beyond — helping them rediscover themselves and restore their relationship with each other. Have you ever wondered why we wear the type of clothes we do? Packed with outlandish outfits, this exciting history of fashion trends reveals the flamboyant fashions adopted (and discarded) by our ancestors. In the days before cosmetic surgery, people used bum rolls and bombastic breeches

to augment their figures, painted their faces with poisonous concoctions, and doused themselves with scent to cover body odor. Take a fresh look at history's hidden fashion disasters and discover the stories behind historical garments: How removing a medieval woman's headdress could reveal her as a harlot Why Tudor men traded in their oversized codpieces for corsets How crinoline caused a spate of shoplifting among Victorian ladies Karen Bowman charts our sartorial history from the animal skins first used to cover our modesty and show off hunting skills, right up to the twentieth-century drive for practicality and comfort. *Corsets and Codpieces* is a fascinating read for history buffs and fashionistas alike. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American

Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. An eye-opening and richly illustrated journey through the clothes worn by artists, and what they reveal to us. From Yves Klein's spotless tailoring to the kaleidoscopic costumes of Yayoi Kusama and Cindy Sherman, from Andy Warhol's denim to Martine Syms's joy in dressing, the clothes worn by artists are tools of expression, storytelling, resistance, and creativity. In *What Artists Wear*, fashion critic and art curator Charlie Porter guides us through the wardrobes of modern artists: in the studio, in performance, at work or at play. For Porter, clothing is a way in: the wild paint-splatters on Jean-Michel Basquiat's designer clothing, Joseph Beuys's shamanistic felt hat, or the functional workwear that defined

Agnes Martin's life of spiritual labor. As Porter roams widely from Georgia O'Keeffe's tailoring to David Hockney's bold color blocking to Sondra Perry's intentional casual wear, he weaves his own perceptive analyses with original interviews and contributions from artists and their families and friends. Part love letter, part guide to chic, with more than 300 images, *What Artists Wear* offers a new way of understanding art, combined with a dynamic approach to the clothes we all wear. The result is a radical, gleeful inspiration to see each outfit as a canvas on which to convey an identity or challenge the status quo. Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting

parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*. This captivating book reproduces arguably the most extraordinary primary source documents in fashion history. Providing a revealing window onto the Renaissance, they chronicle how style-conscious accountant Matthäus Schwarz and his son Veit Konrad experienced life through clothes, and climbed the social ladder through fastidious management of self-image. These bourgeois dandies' agenda resonates as powerfully today as it did in the sixteenth century: one has to dress to impress, and dress to impress they did. The Schwarzes recorded their sartorial triumphs as well as failures in life in a series of portraits by illuminists over 60 years, which have been comprehensively reproduced in full color for the first time. These exquisite illustrations are accompanied by the

Schwarzes' fashion-focussed yet at times deeply personal captions, which render the pair the world's first fashion bloggers and pioneers of everyday portraiture. *The First Book of Fashion* demonstrates how dress – seemingly both ephemeral and trivial – is a potent tool in the right hands. Beyond this, it colorfully recaptures the experience of Renaissance life and reveals the importance of clothing to the aesthetics and every day culture of the period. Historians Ulinka Rublack's and Maria Hayward's insightful commentaries create an unparalleled portrait of sixteenth-century dress that is both strikingly modern and thorough in its description of a true Renaissance fashionista's wardrobe. This first English translation also includes a bespoke pattern by TONY award-winning costume designer and dress historian Jenny Tiramani, from which readers can recreate one of Schwarz's most elaborate and politically significant outfits. Most every woman has found herself with a closet full of too many clothes or

surrounded by brand-new items that somehow never get worn. Instead she gets stuck wearing the same few familiar pieces from a wardrobe that just doesn't feel "right." Dr. Jennifer Baumgartner argues that all those things are actually manifestations of deeper life issues. What if you could understand your appearance as a representation of your inner unresolved conflicts and then assemble a wardrobe to match the way you wish to be perceived? In this fashion guide that is like no other, Dr. Baumgartner helps readers identify the psychology behind their choices, so they can not only develop a personal style that suits their identity but also make positive changes in all areas of life. Discover the signature sartorial and literary style of fifty men and women of letters, including Maya Angelou; Truman Capote; Colette; Bret Easton Ellis; Allen Ginsberg; Patti Smith; Karl Ove Knausgaard; and David Foster Wallace; in this unique compendium of profiles—packed with eighty black-and-white photographs,

excerpts, quotes, and fast facts—that illuminates their impact on modern fashion. Whether it's Zadie Smith's exotic turban, James Joyce's wire-framed glasses, or Samuel Beckett's Wallabees, a writer's attire often reflects the creative and spiritual essence of his or her work. As a non-linear sensibility has come to dominate modern style, curious trendsetters have increasingly found a stimulating muse in writers—many, like Joan Didion, whose personal aesthetic is distinctly "out of fashion." For decades, Didion has used her work, both her journalism and experimental fiction, as a mirror to reflect her innermost emotions and ideas—an originality that has inspired Millennials, resonated with a new generation of fashion designers and cultural tastemakers, and made Didion, in her eighties, the face of Celine in 2015. *Legendary Authors and the Clothes They Wore* examines fifty revered writers—among them Samuel Beckett; Quentin Crisp; Simone de Beauvoir; T.S. Eliot; F. Scott and Zelda Fitzgerald; Malcolm Gladwell;

Donna Tartt; John Updike; Oscar Wilde; and Tom Wolfe—whose work and way of dress bears an idiosyncratic stamp influencing culture today. Terry Newman combines illuminating anecdotes about authors and their work, archival photography, first-person quotations from each writer and current designers, little-known facts, and clothing-oriented excerpts that exemplify their original writing style. Each entry spotlights an author and a signature wardrobe moment that expresses his or her persona, and reveals how it influences the fashion world today. Newman explores how the particular item of clothing or style has contributed to fashion's lingua franca—delving deeper to appraise its historical trajectory and distinctive effect. *Legendary Authors and the Clothes They Wore* is an invaluable and engaging look at the writers we love—and why we love what they wear—that is sure to captivate lovers of great literature and sophisticated fashion. This beautifully illustrated book explores the rich complexity of Regency

clothing through the lens of the collected writings of Jane Austen. NEW YORK TIMES BESTSELLER • A “thrilling” (The New York Times), “dazzling” (The Wall Street Journal) tour of the radically different ways that animals perceive the world that will fill you with wonder and forever alter your perspective, by Pulitzer Prize-winning science journalist Ed Yong “One of this year’s finest works of narrative nonfiction.”—Oprah Daily ONE OF THE TEN BEST BOOKS OF THE YEAR: The Wall Street Journal, The New York Times, Time, People, The Philadelphia Inquirer, Slate, Reader’s Digest, Outside, Publishers Weekly, BookPage ONE OF THE BEST BOOKS OF THE YEAR: Oprah Daily, The New Yorker, The Washington Post, The Guardian, Smithsonian Magazine, Prospect (UK), Mental Floss, She Reads, Kirkus Reviews, Library Journal The Earth teems with sights and textures, sounds and vibrations, smells and tastes, electric and magnetic fields. But every kind of animal, including humans, is enclosed

within its own unique sensory bubble, perceiving but a tiny sliver of our immense world. In *An Immense World*, Ed Yong coaxes us beyond the confines of our own senses, allowing us to perceive the skeins of scent, waves of electromagnetism, and pulses of pressure that surround us. We encounter beetles that are drawn to fires, turtles that can track the Earth’s magnetic fields, fish that fill rivers with electrical messages, and even humans who wield sonar like bats. We discover that a crocodile’s scaly face is as sensitive as a lover’s fingertips, that the eyes of a giant squid evolved to see sparkling whales, that plants thrum with the inaudible songs of courting bugs, and that even simple scallops have complex vision. We learn what bees see in flowers, what songbirds hear in their tunes, and what dogs smell on the street. We listen to stories of pivotal discoveries in the field, while looking ahead at the many mysteries that remain unsolved. Funny, rigorous, and suffused with the joy of discovery, *An Immense*

World takes us on what Marcel Proust called “the only true voyage . . . not to visit strange lands, but to possess other eyes.” WINNER OF THE ANDREW CARNEGIE MEDAL • FINALIST FOR THE KIRKUS PRIZE • FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD • LONGLISTED FOR THE PEN/E.O. WILSON AWARD This book is about a very controversial subject. We women don't really like to be told what we ought to wear. The only reason I dare to write is that there are women who earnestly want to please God in their appearance. They would do what God wants them to do, if only they were sure they knew what he wanted. It is for these honest, open-minded women who want to please God that I write. God does have a standard for your appearance. If you are ready to find out what it is, then I invite you to turn the page. - p. [9]. THE NEW YORK TIMES BESTSELLER Women in Clothes is a book unlike any other. It is essentially a conversation among hundreds of women of all nationalities—famous,

anonymous, religious, secular, married, single, young, old—on the subject of clothing, and how the garments we put on every day define and shape our lives. It began with a survey. The editors composed a list of more than fifty questions designed to prompt women to think more deeply about their personal style. Writers, activists, and artists including Cindy Sherman, Kim Gordon, Kalpona Akter, Sarah Nicole Prickett, Tavi Gevinson, Miranda July, Roxane Gay, Lena Dunham, and Molly Ringwald answered these questions with photographs, interviews, personal testimonies, and illustrations. Even our most basic clothing choices can give us confidence, show the connection between our appearance and our habits of mind, express our values and our politics, bond us with our friends, or function as armor or disguise. They are the tools we use to reinvent ourselves and to transform how others see us. Women in Clothes embraces the complexity of women’s style decisions, revealing

the sometimes funny, sometimes strange, always thoughtful impulses that influence our daily ritual of getting dressed. #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University

• New York Public Library A bestselling modern
classic—both poignant and funny—narrated by a
fifteen year old autistic savant obsessed with
Sherlock Holmes, this dazzling novel weaves
together an old-fashioned mystery, a
contemporary coming-of-age story, and a
fascinating excursion into a mind incapable of
processing emotions. Christopher John Francis
Boone knows all the countries of the world and
their capitals and every prime number up to
7,057. Although gifted with a superbly logical
brain, Christopher is autistic. Everyday
interactions and admonishments have little
meaning for him. At fifteen, Christopher's
carefully constructed world falls apart when he
finds his neighbour's dog Wellington impaled on
a garden fork, and he is initially blamed for the
killing. Christopher decides that he will track
down the real killer, and turns to his favourite

fictional character, the impeccably logical
Sherlock Holmes, for inspiration. But the
investigation leads him down some unexpected
paths and ultimately brings him face to face with
the dissolution of his parents' marriage. As
Christopher tries to deal with the crisis within
his own family, the narrative draws readers into
the workings of Christopher's mind. And herein
lies the key to the brilliance of Mark Haddon's
choice of narrator: The most wrenching of
emotional moments are chronicled by a boy who

She beats the inner bark of trees into cloth in Papua New Guinea, fails to handspin cotton in Guatemala, visits tweed weavers at their homes in Harris, and has lessons in patchwork-making in Gee's Bend, Alabama. And through it all she uncovers the hidden histories of fabric: how and why people have made it, worn it, invented it and made symbols of it Interlaced with Victoria's own story of grief and recovery, *Fabric* is a lush patchwork of travel, history, memoir and culture - an unforgettable look into how we have made fabric, and how it has made us. O:P There was once an emperor who was only interested in one thing, his clothes. He spent all his money on his outfits and had a different one for every time of day and every occasion. One day, two thieves arrived in town pretending to be weavers who knew how to make the most beautiful and sophisticated fabrics, which had the marvellous property of only being visible to those who did their job well.. It was the perfect offer for our king, who immediately placed an order. Hans Christian

Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Praised by the *New Yorker* and *New York* magazine, Saul Austerlitz's fascinating behind-the-scenes look at *Friends*, is, according to *Newsweek*, the "next best thing" to a cast reunion. In September 1994, six friends sat down in their favorite coffee shop and began bantering about sex, relationships, jobs, and just about everything else. A quarter of a century later, new fans are still finding their way into the lives of Rachel, Ross, Joey, Chandler, Monica, and Phoebe, and thanks to the show's immensely talented creators, its intimate understanding of its youthful audience, and its reign during network television's last moment of dominance, *Friends* has become the most influential and beloved show of its era. *Friends* has never gone on a break, and this is the story of how it all happened. Noted pop culture historian Saul Austerlitz utilizes exclusive interviews with creators David Crane and Marta Kauffman, executive producer Kevin Bright, director James Burrows, and many other producers, writers,

and cast members to tell the story of *Friends*' creation, its remarkable decade-long run, and its astonishing Netflix-fueled afterlife. Readers will go behind the scenes to hear from the people who were present as the show was developed and cast, written and filmed. There will be talk of trivia contests, prom videos, trips to London, Super Bowls, lesbian weddings, wildly popular hairstyles, superstar cameos, mad dashes to the airport, and million-dollar contracts. They'll also discover surprising details—that Monica and Joey were the show's original romantic couple, how Danielle Steel probably saved Jennifer Aniston's career, and why *Friends* is still so popular that if it was a new show, its over-the-air broadcast reruns would be the ninth-highest-rated program on TV. The show that defined the 1990s has a legacy that has endured beyond anyone's wildest expectations. And in this hilarious, informative, and entertaining book, readers will now understand why. Fashion and beauty have helped shape history and today

A NEW YORKER BEST BOOK OF THE YEAR • A sweeping and captivatingly told history of clothing and the stuff it is made of—an

unparalleled deep-dive into how everyday garments have transformed our lives, our societies, and our planet. "We learn that, if we were a bit more curious about our clothes, they would offer us rich, interesting and often surprising insights into human history...a deep and sustained inquiry into the origins of what we wear, and what we have worn for the past 500 years." —The Washington Post In this panoramic social history, Sofi Thanhauser brilliantly tells five stories—Linen, Cotton, Silk, Synthetics, Wool—about the clothes we wear and where they come from, illuminating our world in unexpected ways. She takes us from the opulent court of Louis XIV to the labor camps in modern-day Chinese-occupied Xinjiang. We see how textiles were once dyed with lichen, shells, bark, saffron, and beetles, displaying distinctive regional weaves and knits, and how the modern

Western garment industry has refashioned our attire into the homogenous and disposable uniforms popularized by fast-fashion brands. Thanhauser makes clear how the clothing industry has become one of the planet's worst polluters and how it relies on chronically underpaid and exploited laborers. But she also shows us how micro-communities, textile companies, and clothing makers in every corner of the world are rediscovering ancestral and ethical methods for making what we wear. Drawn from years of intensive research and reporting from around the world, and brimming with fascinating stories, *Worn* reveals to us that our clothing comes not just from the countries listed on the tags or ready-made from our factories. It comes, as well, from deep in our histories.
