A History of Ontario County, New York and Its People, Vol. 2
Jan 04 2023 Excerpt from A History of Ontario County, New York and Its People, Vol. 2: Genealogical and Biographical The first volume of this work, "The History of Ontario County, New York, and Its People," is an admirable record of the progress of this region up to the close of the first decade of the twentieth century. It is at once accurate and interesting, including the story of the honorable part which the county has had in the history of the State and Union. To its author, Mr. Charles F. Milliken, the publishers express a gratitude which undoubtedly will meet with a hearty response on the part of its readers. The amplification necessary to complete the picture of the

county, old and nowadays, is supplied in this volume of genealogical and family history. In it are contained chronicles of the people who have made Ontario County what it is. These records are presented in a series of independent narratives relating to lineal family heads, and the most conspicuous representatives down to the present generation, giving it a distinct personal interest. In every case the narrative has been submitted to the immediate subject or to his proper representative for correction and revision. If in any case the matter is incomplete or faulty, it is ascribable to the paucity of data, many families being unable to supply exact information at some point in their ancestral line. It is believed the work will prove a substantial addition to the mass of material relating to people of the region under consideration, and that without it much valuable information would be irretrievably lost, owing to the passing away of many custodians of family records and disappearance of material which has been utilized in the preparation of this work. The Biological Review of Ontario, Vol. 1 Apr 26 2022 Excerpt from The Biological Review of Ontario, Vol. 1: July, 1894 On two or three occasions, many years ago, I heard in the thick forest near the Village of Richmond, and afterwards in the Township of Huntley, some strangely startling and frightful screams, which I attributed to the cougar. Be this as it may, I have heard no screams of the same kind for the last thirty years. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. ***The Biological Review of Ontario, Vol. 1* Jul 30 2022** Excerpt from *The Biological Review of Ontario, Vol. 1: January, 1894* ON november 29, 1893, Mr. O. Spanner received a specimen of this Guillemot, taken on Toronto Bay by Mr. Curtis. The bird was in good condition, and had pitched among some decoy ducks, near the eastern gap. On December 7, a flock pitched on the lake shore of Ash bridge bar, in shelter of the breakwater. Mr. Curtis secured four out Of this flock, two of which he sold to Mr. Jacobs and two to Mr. Spanner. ***Mines Branch Monograph* Oct 28 2019**

***Schooling and Scholars in Nineteenth-century Ontario* Jun 28 2022**
Nineteenth-century educational reformers were fond of an agricultural metaphor when it came to the provision of more and better schooling: even good land, they argued, had to be cultivated; otherwise noxious weeds sprang up. In this study of education in Ontario from the establishment of Upper Canada to the end of Egerton Ryerson's career as chief superintendent of schools in 1876, Susan Houston and Alison Prentice explore the roots of the provincial public school system, set up to instill a work ethic and moral discipline appropriate to the new society, as well as the beginnings of separate schools. Today the Ontario school system is once again the subject of intense and often bitter debate. Many of the most contentious issues have deep and complex roots that go back to this era. Houston and Prentice tell the story of how Ontario came to have a universal school system of exceptional quality and shed valuable light on an area of current concern.

Aboriginal Ontario Feb 10 2021 Winner of the 1995 Ontario Historical Society Joseph Brant Award for the best book on native studies
Aboriginal Ontario: Historical Perspectives on the First Nations contains seventeen essays on aspects of the history of the First Nations living within the present-day boundaries of Ontario. This volume reviews the experience of both the Algonquian and Iroquoian peoples in Southern Ontario, as well as the Algonquians in Northern Ontario. The first section describes the climate and landforms of Ontario thousands of years ago. It includes a comprehensive account of the archaeologists' contributions to our knowledge of the material culture of the First Nations before the arrival of the Europeans. The essays in the second and third sections look respectively at the Native peoples of Southern Ontario and Northern Ontario, from 1550 to 1945. The final section looks at more recent developments. The volume includes numerous illustrations and maps, as well as an extensive bibliography.
